Support	S. 54	1/22/2013	Patrick Leahy (D-VT)	The "Stop Illegal Trafficking in Firearms Act of 2013"	<i>A bill to increase public safety by punishing and deterring firearms trafficking.</i> 10 cosponsors	3/21/2013 Provisions of S.54 are included in S. 649, the Safe Communities, Safe Schools Act of 2013	<p>This bill establishes a new Federal criminal offense prohibiting individuals from purchasing a firearm for another person, or attempting or conspiring to do so. The bill imposes strict penalties for violating this law, particularly if the defendant knew, or had reasonable cause to believe that a firearm would be used to commit a crime of violence. The bill also criminalizes smuggling firearms out of the United States to complement existing laws criminalizing the smuggling of firearms into the United States.</p> <p>Additionally, the bill strengthens existing laws regarding the transfer of guns to prohibited persons, and ensures that the law prohibits the sale of guns and ammunition to people who intend to transfer them to criminals.</p> <p><u>NAPO supports increased penalties, at both the Federal and state level, for offenses committed with firearms, and joins other law enforcement agencies from across the United States in support of this legislation.</u></p>
Support	S. 146	1/24/2013	Barbara Boxer (D-CA)	The "School Safety Enhancement Act of 2013"	<i>A bill to enhance the safety of America's schools.</i> 5 cosponsors	3/12/2013 Reported to the Senate with an amendment in the nature of a substitute and without a written report by the Senate Judiciary Committee and placed on the Senate Legislative Calendar.	<p>Since 1999 - the year of the shootings at Columbine High School - 262 students, teachers, and others have been killed or wounded in K-12 school shootings. Dozens more lives have been lost due to gun violence on the campuses of America's colleges and universities.</p> <p>The circumstances surrounding each horrible incident are unique, but regardless of the causes, we must agree that our nation's schools should be places of safe learning for children and young adults in every community and on every college campus.</p> <p>The substitute amendment to S.146, (supported by Sens. Boxer, Collins, and Blumenthal), reauthorizes the successful Secure Our Schools Grant Program.</p> <p><u>NAPO joins other law enforcement</u></p>

Support	S. 162	1/28/2013	Al Franken (D-MN)	The "Justice and Mental Health Collaboration Act of 2013"	<i>A bill to reauthorize and improve the Mentally Ill Offender Treatment and Crime Reduction Act of 2004.</i> 38 cosponsors	6/20/2013 Reported to the Senate with an amendment in the nature of a substitute and without a written report by the Senate Judiciary Committee and placed on the Senate Legislative Calendar	<p>People with mental health conditions disproportionately are arrested and incarcerated. Using our criminal justice system as a mental health system does not make sense. The Justice and Mental Health Collaboration Act (JMHC) allows for the improvement of access to mental health services for people who come into contact with the criminal justice system, and gives law enforcement officers the tools they need to identify and respond to mental health issues in the community.</p> <p><u>NAPO is a strong supporter of the Justice and Mental Health Collaboration Program (JMHC), which helps criminal justice and mental health agencies work collaboratively towards better outcomes.</u></p> <p><u>NAPO has advocated for the passage of this legislation during meetings with Congressional staffers, participated in working group meetings with fellow stakeholders, contacted both Senate and House Judiciary Committee members to request support of the bill, and signed the JMHC sign-on letter. These efforts led to the legislation being passed by the Senate Judiciary Committee with strong bipartisan support.</u></p> <p><u>Since it was passed by the Senate Judiciary Committee, Senators Tom Coburn (R-OK) and Mike Lee (R-UT) have placed holds on the JMHC. NAPO is working with other stakeholders to urge the aforementioned Senators to remove the holds so that the bill</u></p>

NAPO has also met with Senator Franken's senior staff to strategize ways forward.</u></p> <p><u>Additionally, NAPO has contacted key Senators to request they co-sponsor the bill.</u></p> <p><u>NAPO honored Senator Franken for his strong support of the law enforcement community during our annual Legislative Luncheon. We noted the Senator's work on the JMCA, and look forward to continuing to work with the Senator to pass this important piece of legislation.</u></p>
Support	S. 264	2/7/2013	Debbie Stabenow (D-MI)	The "Excellence in Mental Health Act"	<p><i>A bill to expand access to community mental health centers and improve the quality of mental health care for all Americans.</i></p> <p>24 cosponsors</p>	<p>3/31/2014 Senate passed a demonstration project of Excellence in Mental Health Act</p> <p>4/1/2014 President Obama signed into law a demonstration project of Excellence in Mental Health Act</p>	<p>Members of law enforcement have seen their resources increasingly diverted from public safety in order to address unmet mental health needs. Moreover, the essential public safety net for mental health services has been decimated by years of funding cuts. This legislation helps to close the gaps in the nation's safety net and reinvest in community-based mental health care.</p> <p><u>NAPO has been relentless in its support of the Excellence in Mental Health Act since the bill was introduced. In meeting after meeting with Senators, Representatives, and their staff, NAPO has emphasized our strong support of the bill. NAPO also coordinated carefully with Senator Stabenow's staff to ensure the passage of this legislation. We are pleased that these efforts led to the passage of the demonstration project of the Excellence in Mental Health Act.</u></p> <p><u>Senator Stabenow and Senator Blunt have continually referenced NAPO as a supporter of the legislation in their press releases on the bill. Additionally, Senator Maria Cantwell (D-WA) recognized NAPO as a supporter of the bill during her floor statement.</u></p>

This legislation will help to create a nationwide alert system to quickly identify and apprehend suspects when a law enforcement officer is injured or killed in the line of duty.</p> <p><u>NAPO strongly believes this legislation is essential to assist the law enforcement community with quickly apprehending suspects and bringing them to justice before they can do anymore harm. Creating a nationwide system that responds to criminal action against law enforcement officers will ensure the safety of the officers and the public they protect.</u></p> <p><u>NAPO demonstrated its support of this legislation in the Senate by drafting a response letter to Senator Coburn, who submitted a letter for the record to block the passage of the National Blue Alert Act of 2013.</u></p> <p><u>NAPO has also met with key stakeholders, including Senator Cardin's staff and fellow law enforcement organizations, to develop strategies to ensure the passage of this legislation. To garner additional support, NAPO has joined other law enforcement organizations in meetings with senior Senate staffers to garner support for the bill.</u></p> <p><u>NAPO's efforts contributed to the National Blue Alert Act of 2013 being passed by the Senate Judiciary Committee with strong bipartisan support.</u></p>

							<p><u>NAPO's work also led to Senate Appropriations Committee leadership's decision to add Blue Alert report language to the Senate Commerce Justice Science Appropriations bill report. However, the Appropriations measure was taken off of the floor, as Senators were not able to agree on an amendment process. In order to continue to pursue the passage of the legislation, Senator Cardin has submitted an amendment that includes the text of the Blue Alert Act to the National Defense Authorization Act for Fiscal Year 2015.</u></p> <p><u>NAPO plans to continue to work with Senator Cardin and fellow stakeholders to ensure the passage of this important piece of legislation.</u></p>
Support	S. 374	2/25/2013	Charles Schumer (D-NY)	The "Protecting Responsible Gun Sellers Act of 2013"	<p><i>A bill to ensure that all individuals who should be prohibited from buying a firearm are listed in the National Instant Criminal Background Check System and require a background check for every firearm sale.</i></p> <p>0 cosponsors</p>	<p>3/12/2013 Reported to the Senate with an amendment in the nature of a substitute and without a written report by the Senate Judiciary Committee and placed on the Senate Legislative Calendar</p>	<p>This legislation expands the national background check system to include all gun buyers.</p> <p><u>NAPO has been recognized as one of the nation's leaders in the comprehensive effort to make both officers' and citizens' lives safer, and continues to strongly support better and more accurate background checks to keep weapons out of the wrong hands.</u></p>
Support	S.394	2/27/2013	Amy Klobuchar (D-MN)	The "Metal Theft Prevention Act of 2013"	<p><i>A bill to prohibit and deter the theft of metal and for other purposes.</i></p>	<p>6/13/2013 Reported to the Senate with an amendment in the nature of a substitute and without a written report</p>	<p>This legislation addresses the growing problem of metal theft and the risk such theft poses to critical infrastructure.</p> <p><u>This legislation includes an amendment proposed by NAPO to ensure law enforcement</u></p>

Oppose	S.607	5/19/2013	Patrick Leahy (D-VT)	The "Electronic Communications Privacy Act Amendments Act of 2013"	<i>A bill to improve the provisions relating to the privacy of electronic communication.</i> 6 cosponsors	4/25/2013 Reported to the Senate for consideration and placed on the Senate Legislative Calendar	<p>This legislation is intended to bring outdated Federal electronic privacy laws into the digital age. The bill makes changes to the Electronic Communications Privacy Act (ECPA) to establish a search warrant requirement for the government to obtain Americans' e-mails and other electronic communications from third-party service providers.</p> <p><u>NAPO strongly opposes adding warrant requirements. Warrants take much longer to secure as compared with the current practice of officers obtaining a court order. This is of particular concern in time-critical cases, such as active kidnapping or child abduction cases. Moreover, warrants require an affidavit, which generally becomes public. These documents have the potential to expose law enforcement and informant identities and methods.</u></p> <p><u>There are effective law enforcement policies and procedures already in place on</u></p>

Support	S. 698	4/10/2013	John Cornyn (R-TX)	The "Line of Duty Act of 2013"	<p><i>A bill to protect prosecutors, judges, law enforcement officers, and their families.</i></p> <p>0 cosponsors</p>	<p>4/10/2013 Referred to the Senate Judiciary Committee</p>	<p>This legislation:</p> <ul style="list-style-type: none"> -Creates a new Federal crime for the killing, attempted killing, or conspiring to kill a United States judge, Federal law enforcement officer, or federally funded public safety officer. -Creates a new Federal crime for interstate flight for justice to avoid prosecution for killing, attempting to kill, or conspiring to kill a United States judge, Federal law enforcement officer, or federally funded public safety officer. -Clarifies and enhances penalties for assaulting a Federal official during the discharge of his or her duties. -Expressly allows all judges, prosecutors, and law enforcement officials, subject to limited regulations, to carry firearms into all Federal facilities, Federal courts, and in jurisdictions where the carrying of such weapons is otherwise prohibited by law. -Allows all prosecutors and law enforcement officers, including state and local officers, to possess and obtain an ammunition magazine of any size. <p><u>NAPO supports this legislation, as NAPO believes the establishment of stricter penalties and increased sentences for harming or attempting to harm law enforcement officers will deter crime. NAPO discussed this legislation further with Senator Cornyn and his staff on May 13, 2014, after presenting the Senator with an award for his strong support of law enforcement.</u></p> <p><u>NAPO will continue to engage members of Congress to advocate for the passage of legislation, which will add further protections for the law enforcement community.</u></p>
Oppose	S. 779	4/23/2013	Richard Burr (R-NC)	The "Public Employee Pension Transparency Act"	<p><i>A bill to amend the International Revenue Code of 1986 to provide for reporting and disclosure by state and local public employee retirement pension plans.</i></p> <p>2 cosponsors</p>	<p>4/23/2013 Referred to the Senate Finance Committee</p>	<p>The Public Employee Pension Transparency Act (PEPTA) does not protect employee benefits, save costs, or result in more transparency. It is an inappropriate Federal mandate that imposes costly regulation and threatens to tax state and local government bonds.</p> <p>PEPTA mandates a costly and complex layer of Federal reporting on top of existing state and local accounting and reporting. PEPTA gives Federal regulators sweeping powers to impose duplicative requirements on State and local governments already struggling to comply with existing costly Federal paperwork burdens. Also, PEPTA threatens far-reaching and unintended consequences for the municipal bond market and the economy as a whole.</p> <p>Moreover, PEPTA creates a one-size-fits-all Federal mandate that interferes with State and local government recovery efforts already underway, and does not allow States and localities to adopt tailored solutions to meet their unique long-term needs.</p> <p>NAPO has routinely met with fellow</p>

Support	S.822	4/25/2013	Patrick Leahy (D-VT)	The "Justice for All Reauthorization Act of 2013"	<i>A bill to protect crime victims' rights, to eliminate the substantial backlog of DNA samples collected from crime scenes and convicted offenders, to improve and expand the DNA testing capacity of Federal, State, and local crime laboratories, to increase research and development of new DNA testing technologies, to develop new training programs regarding the collection and use of DNA evidence, and</i>	11/7/13 Reported to the Senate amended and without a written report by the Senate Judiciary Committee and placed on the Senate Legislative Calendar	<p>The bipartisan Justice for All Act of 2004 increased resources devoted to DNA and other forensic technology, established safeguards to prevent wrongful convictions, and enhanced protections for crime victims. The Justice for All Reauthorization Act of 2013 reauthorizes and improves the programs created by this historic legislation, while remaining at current authorization levels. This reauthorization builds on the steps the Justice for All Act took to improve the criminal justice system and ensure public confidence in the system.</p> <p><u>NAPO has discussed this legislation with Chairman Leahy's staff and continues to work with fellow stakeholders to garner support for this legislation. NAPO has attended meetings with key Congressional staffers, as well as reached out to dozens of members of Congress to request support for this important bill.</u></p> <p><u>NAPO looks forward to continuing to work with Senator Leahy and his staff to advance this legislation.</u></p>

Support	S. 896	5/28/2013	Mark Begich (D-AK)	The "Social Security Fairness Act"	<i>A bill to amend Title II of the Social Security Act to repeal the government pension offset and windfall elimination provisions.</i> 20 cosponsors	5/8/2013 Referred to the Senate Finance Committee	<p>This bill strikes the Windfall Elimination Provision (WEP) and Government Pension Offset (GPO) formulas currently used to calculate Social Security benefits. Both were enacted in the 1980s because Congress was concerned Social Security paid unintended benefits to workers who had spent most of their careers in "non-covered" jobs. However, the formulas go too far and penalize workers with split careers who contributed a great deal to Social Security, but retire under their "non-covered" pensions.</p> <p>These provisions take hard-earned Social Security dollars out of the hands of retirees or their spouses – money that would otherwise be spent on essential goods and services and bolster the local economy.</p> <p><u>By significantly scaling back and reducing Social Security benefits for law enforcement officers and their survivors, as GPO and WEP do, officers and their families are provided much less protection against financial difficulties.</u></p> <p><u>NAPO continues to support efforts to totally repeal GPO and WEP from Title II of the Social Security Act, and will aggressively pursue the passage of this legislation.</u></p>
Support	S.933	5/13/2013	Patrick Leahy (D-VT)	The "Bulletproof Vest Partnership Grant Program Reauthorization Act of 2013"	<i>A bill to amend Title I of the Omnibus Crime Control and Safe Streets Act of 1968 to extend the authorization of the Bulletproof</i>	8/1/2013 Reported to the Senate for consideration	<p>This legislation extends the authorization of the Bulletproof Vest Partnership (BVP) Grant Program through fiscal year 2018, and ensure that all of America's law enforcement officers are provided with the life-saving protection they need.</p> <p>The BVP Grant Program is a critical resource for state and local jurisdictions. Over the past decade, this vital program has enabled the protection of nearly a half million officers.</p>

NAPO has discussed the importance of this legislation with numerous members of Congress and their staffs, and sent letters to Senate Judiciary Committee leadership (Chairman Leahy (D-VT) and Ranking Member Grassley (R-IA)) to express support for the reauthorization of this program.</u></p> <p><u>NAPO's efforts were successful, as the Senate Judiciary Committee advanced the legislation to the Senate as a whole for consideration by a vote of 14-3.</u></p> <p><u>NAPO continues to work with fellow stakeholders to garner additional support for this bill.</u></p>
Under Review	S.1038	5/23/2013	Ben Cardin (D-MD)	The "End Racial Profiling Act of 2013"	<p><i>A bill to eliminate racial profiling by law enforcement, and for other purposes.</i></p> <p>16 cosponsors</p>	5/23/2014 Referred to the Senate Judiciary Committee	<p>This bill would prohibit any law enforcement agent or agency from engaging in racial profiling. It would require the Attorney General to issue regulations for the collection and compilation of data on racial profiling and for the implementation of this Act.</p> <p><u>NAPO has been in contact with Senator Cardin's staff to discuss this legislation, and we will keep our members updated on the status of this initiative.</u></p>
Support	S.1172	6/18/2013	Barbara Mikulski (D-MD)	The "Law Enforcement Officers Retirement Equity Act of 2013"	<p><i>A bill to amend the definition of a law enforcement officer under subchapter III of chapter 83 and chapter 84 of title 5, United States Code, respectively, to ensure the inclusion of certain positions.</i></p> <p>0 cosponsors</p>	6/18/2013 Referred to the Committee on Homeland Security and Governmental Affairs	<p>This legislation ensures that all Federal law enforcement officers have the same retirement options, and that their pay and benefits conform to the Federal law enforcement retirement system.</p> <p>Federal law enforcement personnel are the country's first line of defense against terrorism and the smuggling of illegal drugs at our borders. These vital jobs must be filled by men and women able to meet the physical demands of their positions. To maintain this workforce, Congress designed retirement benefits to allow officers to retire earlier than other federal employees. That's why Federal employees classified as "law enforcement officers" (LEOs) are eligible to retire at age 50 with 20 years of federal service. However, thousands of Federal law enforcement personnel are not classified as LEOs and are subsequently not eligible for these enhanced benefits. This legislation would extend LEO status to all Federal employees who carry firearms and are involved in the investigation or apprehension of suspected or convicted criminals.</p> <p><u>NAPO supports this legislation, as these officers face the same risks and challenges as</u></p>

Support	S.1322	7/18/13	Amy Klobuchar (D-MN)	The "Synthetic Abuse and Labeling of Toxic Substances (SALTS) Act"	<i>A bill to amend the Controlled Substances Act relating to controlled substance analogues.</i> 5 cosponsors	6/18/2013 Referred to the Senate Judiciary Committee	<p>This legislation will address the growing problems associated with synthetic drugs. There have been reports from states around the country of people acting violently while under the influence of these drugs, leading to deaths or injuries to themselves and others. While taking these drugs, people can experience elevated heart rates and blood pressure, hallucinations, seizures, and extreme agitation. By making it easier to prove that synthetic drugs are intended for human consumption, this legislation will help law enforcement in their efforts to get these drugs off the streets and out of stores.</p> <p><u>NAPO pledged our support for this legislation in August 2013, and looks forward to continuing to work with Senator Klobuchar and her staff to ensure the passage of this bill.</u></p>
Support	S.1354	6/24/2013	John Cornyn (R-TX)	The "End Sex Trafficking Act of 2013"	<i>A bill to amend title 18, United States Code, to clarify the range of conduct punished as sex trafficking, and for other purposes.</i> 1 cosponsor	6/24/2013 Referred to the Senate Judiciary Committee	<p>Every year, thousands of criminals prey on children and trafficking victims in the United States – purchasing illicit and coerced sexual acts on websites and on our streets. This legislation targets the predators that purchase trafficking victims for sex.</p> <p>This legislation strengthens and clarifies the Trafficking Victims Protection Act to ensure that sex trafficking perpetrators are prosecuted for contributing to modern-day-slavery. The bill also leverages existing resources by directing federally funded law enforcement task forces that are part of the Innocence Lost National Initiative to focus on fighting demand through the investigation, arrest, and prosecution of persons who purchase sexual acts with human trafficking victims.</p> <p><u>NAPO has joined fellow law enforcement</u></p>

					accounts. 3 cosponsors		the current law, which only allows HSAs to be purchased for certain health insurance plans, and contributions are restricted to levels that are often substantially lower than deductibles. This bill would help to ensure that HSAs may be used more broadly, thereby increasing patient choice in how their healthcare dollars are spent. <u>NAPO has discussed this bill at length with senior staffers of Senator Burgess. NAPO pledged our support for the bill on June 27, 2014. NAPO believes this bill is important to the law enforcement community, and will continue to work with Congressman Burgess and his staff to ensure it is passed.</u>
